

Mercy Life Line Air Medical Service Membership

Invest in your peace of mind.

In a medical emergency, air transport to the hospital could save your life. But even with health insurance, it can be costly. A Life Line Membership ensures coverage for an air ambulance transport, should it be needed.

- Membership includes you and any family members living in your household
- Mercy Life Line Air Medical Service works with your insurance company directly for the air transport payment
- Your membership window decal shows your support of this vital community service
- Emergency transports are based on medical need, not membership status

One year membership: \$59 | Three-year membership: \$160

Membership Benefits

If you are in an accident or have a medical condition that requires you to be transported by an air ambulance service, without a membership you could be responsible for costly out-of-pocket charges for your transport.

Health insurance often varies on the amount of coverage they will provide for air ambulance transport, but as a Mercy Life Line Air Medical Service member, you will have the peace of mind in knowing that your flight will not create an extra financial hardship on you or your family.

Mercy Life Line Air Medical Service will accept your insurance payment as payment in full.
